The special service tools and equipment listed here and any new items that may be offered in the future are developed in cooperation with the Service Department of Harley-Davidson and are pictured and described in HarleyDavidsons maintenance manuals and technical service bulletins. For added convenience, this tool catalog follows the Harley-Davidson maintenance manual table of contents and general format. In certain instances it does deviate from the manual, but only to make it easier to locate the tools and equipment you may require.Information and SpecificationsAll information and specifications in this catalog are effective July 1, 2006 and are subject to change without notice. SPX Kent-Moore reserves the right to make changes in design and construction of the tools and equipment without obligation to incorporate such changes in tools and equipment previously purchased.Service PartsPrices and part numbers of service parts or individual tools making up a tool set are shown in this catalog and price list. Most SPX Kent-Moore products are serviced and replacement items are available from stock. To order or obtain price information on unidentified parts, please describe the required part as thoroughly as possible using whatever tool numbers are available.Doing Business With SPX Kent-MooreOrdering InformationReference tool information in this catalog and/or Harley-Davidson and Buell service manuals for correct tool part numbers. Harley-Davidson tool numbers are prefixed with "HD-". Buell tool numbers are prefixed with "B-". Be sure to add the correct prefix when ordering. It will avoid delays in processing your order.
